The Declaration of Independence was approved by the Second Continental Congress on July 4th 1776, but it was not signed until almost a month later... On October 1, 2000 the Electronic Signatures in Global and National Commerce Act [E-SIGN] will make digital signatures legally binding. This law and DocuTouch will literally change the way the world communicates by offering: online legally binding contract management, secure online document collaboration, permanent archiving, and UPS secure print and delivery services. For more information about using digital signatures in your business call: 206 224 3789 or e-mail info@docutouch.com.
